The data in this document contains trade secrets and confidential or proprietary information of Sapco IOT Private Limited., the disclosure of which would provide a competitive advantage to others. As a result, this document should not be disclosed, used or duplicated – in whole or in part – for any purpose other than to evaluate Sapco IOT PrivateLimited.

1. About Us

Sapco IOT Private Limited is one of India's prime providers of technology, outsourcing and Consulting services. We help our clients transform in order to improve their performance and competitive positioning.

We offer an array of integrated services that combine top-of-the-range technology with deep sector expertise and a strong command of our three significant businesses.

The same is possible because we believe that real value lies in the relationship created between customer and provider, which is built on three deeply, rooted valuesystems:

- We put Employees First, empowering them to believe in everyday ideas that create immense value for our customers, making us best in Technology, Outsourcing and Consulting Industry.
- Our passion on Value Centricity is devoted to delivering more value for our clients, putting their interests ahead of ours and delivering value that goes beyond the contract.
- Our belief in Trust, Transparency and Flexibility drives us to step into our customers' business reality, guaranteeing outcomes with great enthusiasm.

When you work with us, your long-term success is our motivation. This is why we can offer you the ability to meet every challenge and the dexterity to capitalize on every opportunity. That's the power of inevitability. And it is our promise to every client.

Services we provide:

- Web Design
- Web Development
- Mobile Application Development
 - iOS
 - Android
